

The Students' Association of Natural Science, Upsala.

Geological Division.

Meeting October 4th, 1937.

The following officers were appointed:

Mr. G. WÄNGSJÖ, Secretary.

Mr. B. WÆRN, Treasurer.

Meeting November 11th, 1937.

Mr. I. JOHANSON was appointed secretary, Mr. G. WÄNGSJÖ having declined election.

Prof. H. G. BACKLUND spoke of »Some glimpses from the summer excursion to the Kola peninsula».

Meeting November 25th, 1937.

Mr. J. EKLUND demonstrated a new geological map of Scania.

Meeting December 9th, 1937.

Mr. W. LARSSON gave an outline of the tectonical history of N. Bohuslän.

Meeting January 28th, 1938.

The following officers were appointed:

Mr. I. JOHANSON, Secretary.

Mr. B. WÆRN, Treasurer.

Meeting February 11th, 1938.

Prof. G. KIRSCH of Vienna spoke on »Die Rolle der radioaktiven Stoffe in der Erdgeschichte».

Meeting March 11th, 1938.

Prof. H. G. BACKLUND gave a lecture on lava domes, illustrated by photos and maps from Skjaldbreið, Iceland.

Meeting March 21th, 1938.

Prof. A. G. HÖGBOM spoke of »The Atlantis problem in science and literature of recent time».

Meeting April 11th, 1938.

Dr. N. ODHNER gave a lecture on »The theory of constriction, its biogeographical and geological foundations».

Meeting April 28th, 1938.

Mr. PER THORSLUND spoke of »The ordovician and silurian stratigraphy of Gotland as illustrated by a recent drilling». Some pieces of the drilling core were demonstrated.

Meeting September 30th, 1938.

The following officers were appointed:

Mr. I. JOHANSON, Secretary.

Mr. T. TRYGGVASON, Treasurer.

Meeting October 20th, 1938.

Prof. H. G. BACKLUND gave an account of some recent publications concerning continental drift. Dr. N. G. HÖRNER related his impressions from the International Congress of Geography in Amsterdam 1938.

Meeting November 17th, 1938.

Dr. G. TROEDSSON spoke of »The Scanian coal deposits in the light of recent investigations».

Meeting November 24th, 1938.

Dr. STEN FLORIN gave a lecture on »Displacements of the paleolithic habitation of W. Södermanland during the time of the *Litorina maximum*».

Meeting January 26th, 1939.

The following officers were appointed:

Mr. R. SANTESSON, Secretary.

Mr. TRYGGVASON, Treasurer.

Dr. R. SANDEGREN spoke of »The postglacial development of the lower part of the Klarälven valley».

Meeting February 14th, 1939.

Prof. H. G. BACKLUND spoke of »The Geologists' Congress at Frankfurt/M, January 1939». Dr. N. G. HÖRNER reviewed some textbooks just published.

Meeting March 13th, 1939.

Dr. K. FÆGRI (Bergen) gave a lecture on »Some aspects of the quaternary development of S. W. Norway».

Meeting March 27th, 1939.

Prof. G. DE GEER gave a lecture on »Quaternary investigations in the Upsala region».

Meeting April 13th, 1939.

Prof. L. VON POST spoke of »Investigations in the Viska valley inaugurated by the Geological Institute of Stockholm University».

Meeting May 11th, 1939.

The following officers were appointed:

Mr. B. WÆRN, Secretary.

Mr. TRYGGVASON, Treasurer.

Dr. E. LJUNGNER spoke of »Geomorphological studies in the Andes of Northern Patagonia».

Meeting October 12th, 1939.

Mr. P. THORSLUND spoke of »Jemtlandian interglacial deposits».

Meeting October 26th, 1939.

Dr. F. BROTZEN spoke of »Die Mächtigkeit und Gliederung des schwedischen Danien».

Meeting November 23d, 1939.

Prof. H. BACKLUND gave a lecture on »The descent of Ijolites, a chapter of Fennoscandian petrology and petrogenesis».

Meeting January 24th, 1940.

The following officers were appointed:

Mr. T. TRYGGVASON, Secretary.

Mr. B. COLLINI, Treasurer.

Meeting February 22d, 1940.

Prof. C. WIMAN spoke about »Prof. A. G. HÖGBOM in memoriam».

Prof. H. G. BACKLUND spoke of »Prof. A. G. HÖGBOM as a mineralogist and a petrologist».

Meeting March 14th, 1940.

Dr. ASTRID CLEVE-EULER gave a lecture: »Contributions to the late-quaternary Chronology».

Meeting April 6th, 1940.

In connection with a series of lectures recently given at Upsala University by Prof. M. SAURAMO of Helsingfors, Prof. H. G. BACKLUND, introductory to a discussion, spoke of »The problem of isostasy in relation to quaternary changes of level».

Meeting September 27th, 1940.

The following officers were appointed:

Mr. B. COLLINI, Secretary.

Mr. E. ÅHMAN, Treasurer.

Prof. H. G. BACKLUND lectured on Metasomatosis.

Dr. J. PALMGREN spoke of »Some false raised beaches on the Isle of Mors in the Limfjorden firth».

Meeting October 24th, 1940.

Dr. G. TROÉDSSON spoke of the Höör sandstone.

Meeting November 14th, 1940.

Dr. N. G. HÖRNER spoke of »The mouth of the river Fyris in relation to quaternary changes of level».

Meeting November 28th, 1940.

Dr. J. PALMGREN spoke of »Occurrences of natural gas in Vendsyssel, Jylland, Denmark».

Prof. H. G. BACKLUND gave a lecture on »The S. E. border of Fennoscandia».

Meeting December 3d, 1940.

Dr. E. NILSSON spoke of »The late quaternary ice-dammed lakes of Northern Småland».

Meeting December 6th, 1940.

Dr. E. GRIP lectured on »Tectonics and stratigraphy of the central and eastern parts of the Skellefte district».
